LOEWE in Madrid

<http://www.katelovesme.net/2011/04/loewe-in-madrid.html>

Last week took place the LOEWE fashion show at the amazing Royal Botanic Garden in Madrid. After ten years away from the Spain, the Loewe a/w 11 collection was shown in the capital, making honor to its leather tradition and classic bags, reinvented. The most remarkable detail was the showing seams and darts and some twists on garments like a few jackets worn front to the back. La semana pasada tuvo lugar un desfile de LOEWE en el increíble Jardín Botánico de Madrid. Después de diez años de ausencia, la última colección de Loewe, otoño invierno 2011, volvió a la capital, haciendo honor a esa tradición de piel tan increíble y bolsos clásicos, reinventados. El detalle que mas me gusto fue las costuras-vistas, pinzas por fuera de las prendas y chaquetas giradas, puestas al revés.
